Headcount - count of every student enrolled in classes as of census date. As per THEC and UT System rules, audit only students and students enrolled in only 0 credit courses are excluded from the official headcount.

FTE - The full-time equivalency of students is a calculation of full and part-time student credit hour activity. The calculation sums the total undergraduate student credit hours divided by 15 (standard undergraduate full-time enrollment) and graduate student credit hours divided by 12 (standard graduate full-time enrollment)(FTE=(UG SCH/15) + (GR SCH/12)).
